

Gifts of Insurance

Like legacy gifts from retirement accounts, insurance beneficiary designations are a way to include the Friends of the Cabildo in your plans. Simply contact the administrator of your insurance policy to include us as a beneficiary. Beneficiary designations can often be changed online with your administrator and updated at any time; you may name individuals and nonprofits as primary or contingent beneficiaries for the percentages you desire.

Please specifically list Friends of the Cabildo, Inc. and Tax ID 72-6027414 when updating your beneficiaries with your provider. Additionally, please contact Jason Strada, executive director, to discuss the purpose of your future gift, as you are not able to designate this information with your provider.

Additionally, the FOC accepts gifts of insurance policy ownership. The Friends of the Cabildo, Inc. must be named as both beneficiary and irrevocable owner of the policy; if the policy is not paid in full, we will discuss plans for future premium payments will be discussed in consideration of your donation. Please contact Jason Strada, executive director, if you are interested in learning more about this type of gift.
